

Summer '67 came to Tass / Angelo  
Kunjan  
knew of the Dixon  
went to school w/ Bro of Mike / Bob  
New College - Florida <sup>1967</sup> ~~Summer~~ <sup>NY</sup>  
New School Social Research - NY

Philosophy + arts -  
applied through Mike  
arrived June at Soho for U.  
Went in July  
First met - remember being at  
end of every period of regno.  
at Tass - enigmatic - didn't  
know what to do, how to relate  
how or say hi or what - he  
had amazing little snippets  
of intelligence always a creepy  
and sporadic - - and  
amused and perplexed at same  
time. Thought I was going  
back but he hooked me  
so I stayed at Tass

Dokusan + Shosun  
 Strongest memories  
 just the way he interacted w/  
 people and way of making  
 ordinary things be a really  
 something magic about him

4 yrs. at Tuss except  
 9 months at MV. til met  
 Trudy at Tuss w/ Bot.  
 I knew shil had one breast  
 removed in NJ before  
 I came out. I was  
 at Tuss and heard she  
 was experiencing diff and  
 told Baker til like to help  
 so went.

Joyce - ? or Yoshida  
 I came back got a wig and  
 went to LA

~~— PRIVACY~~ I was dying to be SR's disciple 3  
but he thought he couldn't order  
woman - felt he didn't  
understand woman very well  
- he asked me if I wanted to  
be ordained - I hoped him  
but he explained wanted to  
send me to Ip to Yehuda  
Kohi - I guess, idea is  
you go there + learn +  
come back - I said w/  
some reputation. I came  
back to city center from Tuss  
and on way Dan, house, Yeh  
SR, Angie, + Ofissan (Es-ktan?)  
someone else? I was in car  
w/SR - Soen made tea  
for us - a moment never  
forget - ichigo ichue moment  
It was amazing.

w/ Soen took off all his robes  
except for kumovs + mask  
tea - bowls he used from  
1 - from something he found at a  
S. Dewalks sale - he thought  
it a mate to a bowl in  
museum that Riky had  
used - yellowish clay  
w/ bulls eye in in -  
fluct black ~~map~~ w/ black  
spot in center

Another rep union of  
Christ + Bull + clay  
came from Christian Holy  
S. to . To me other bowl  
more remarkable - Soen  
made bowl of tea to be  
glared by 2 - S + a man  
glared a bowl of tea.

~~Ken~~ Ken made comment 4  
that I + Okusan were  
an interesting couple - he  
remarked to Tai San  
and Okusan said he  
looked good after being fallen  
out of tree - in large  
meeting room - at  
~~San Juan~~ San Juan Baptist  
Catholic retreat center -  
some from session there  
quite a number - maybe  
Ken's students - a bunch  
of people shared tea - [he made  
a bowl of tea and shared it  
w/ me (don't tell)] I + Ken  
strong feeling about him.

He told a story about a 5  
guy who made tea for  
him w/ great dignity  
- guy who carried a teaspoon -  
his spirit so non-conformist -  
no bureaucratic baggage there -  
so much energy + dignity  
~~there~~ then he passed the box  
top (tea bowl box) for SR to  
sign - SR made his caligraphy  
with both - said he made it  
to look like tall point pen.

SR seemed okay -

That's when I left Tass - to go to  
also to see robes w/ Yoshida

Orjny + orjny + orjny 6  
and Okusan coming for my  
doc.

---

I don't think you've & would  
we & stepped in in a way  
to pre-empt her and me  
but don't tell that - she  
was right through and  
I'm glad I didn't go -

Stressful - what do you  
expect? - no English

---

Anything he did magic for  
every moment a "moment"  
One wonderful thing was to share  
water w/ stream w/ Trudy -  
He went to get water.

His insight for empathy  
went beyond gender  
He understood me better  
than anyone I'd ever hoped  
to meet. Look at your  
feet see back 10 lines,  
I soundless insight - mine  
than reasonable - Not  
flirted

Yoshida impressed me as  
a battle as - if I had a  
woman teacher should be  
someone I'd want to emulate  
and that's not her.

Foyce was at her temple -  
Gally ordained over there  
Larkinton? - in Florida -  
She stayed in Japan

SR coming in Mt. Sent  
Being carried by his son  
was . . . you'll not going to  
see your teacher again.

after car in Johnson room  
rem but breaking down in tears  
what they said was in Japanese

---

SR happy - completed goal in  
robbing on ski lap -

---

I think truly was his true  
successor - in spirit and his  
most realized student.
