REV. SHUNRYU SUZUKI • FILLMORE 6-7540

Dec. 1, 1965

Dear Mrs Mitchell

Excuse me for not writing you sooner. I am so sorry that I did not say thank you when I received one hundred dollar and so many things I left.

Each time we received the things from you, Rev Itatagiri, Michiko and my wife laughed at me especially when we found something like a white banner in the registered package.

Michiko writes us very often. She said in one of her letter that she was very happy to have another mother in Cambridge now. And we are very grateful for your most kind considerations for her.

We heard that you are spending this Christmas at John's home town and Don is also going home and that you have kindly suggested her to have new year at San Francisco. But Michiko says she would rather like to stay at your home if that is not inconvenient for you.

Rev. Itatagiri's wife, TOMOE-SAN and her boy YASUHIKO have come

They moved in the house across the street. YASUHIKO
calls me HŌJYO SAN, not OJII SAN.

Fujimoto Rashi gave me a very good letter asking
about your health. He is quite well and active now.

Please give my best regard to Jahn and say hello
to Don and Michiko.

Mrs. Shalk is coming to San Francisco. She
will stay across the street for two weeks in the
first part of January.
