Dear Jay:

We haven't communicated in quite a while & a few things have happened that could be of interest to you. Rev. Lynn Bennett, my Grandpa's teacher after Rev. Sargent, had died. It was always helpful & a pleasure to be in her company. I will miss her.

Rev. Mackginn died - the Gen priest you knew or met when you took some classes at San Francisco State. My probably mistaken but didn't remember the poem - what was the sound of a frog jumping into the pond? It's all over from something for children. (Cynthia did & I'm sorry. I sent a small donation to his S. P. Temple.

Kenneth Koshi was a great teacher for men & women. My woman became my teacher's under her guidance. She knew that woman were equal

to men in their Buddha nature. Since their spirit is the same, there should be no discrimination in any area of activity - I have always agreed & could never see it in any other way. I finally went to a Stanford class reunion in part to see the 56 players & the Peace & Joy 1951 Football Team reunion. I could

re-ignite most of my old friend's - especially from football, but held a banquet in the faculty club house & showed some of the game movies from those bygone days (very enjoyable). About 80% of the players & coaches have died - Chuck Taylor & two other coaches are gone.

I have some better sweet memories of some events with Chuck & most enjoyed on that as part of life's recreation. Lots of other things have happened & was related of 90% of my life's work on spirituals - It didn't make my angry. In order for there to be a Third there must be a precursor there you see. It will be as you include Boat & Love Phil
