happy tonight - we compared
words in dict -
he told me one who writes
books wants the person
to say something special,
told chitose, and then
I proceeded to tell me
exactly what I wanted
hear - SR was just a
usual person.

people told him so about Dick
But he loved Dick as Dick loved him
& he loved Phil, Charles, Jean, & Silas
but they couldn't get along
~~20 does see~~ Temples don't bleed
an abbot, just a priest to
teach Zazu, oko, & per mense,
not so great.

X - when I came at 2c 66
Tuss anywhere, there's something
& don't like - I don't know
what it is but I don't like
it - I stay away - visit,
try to help, I don't give up
please don't give up he said

[The DB thing is interesting
in understanding that I said
yes he agreed - maybe he thought
he was only one who could
hold it together - I said maybe
he died too soon - KR said
Dick wasn't ready (was KR?)

But I felt I should as I write,
SR had a marvelous tender profound
quality

When I (H3) go to ZC people
ask how many Zazen students
do you have, do you sit?
No I don't sit, I have no
students of Zazen - I hate Zazen
people and am Hindu
You mostly but Zazen and
they are all saying my
philosophy to people I had
was a personal person
They didn't like Crabham + Dick
cause they thought they were
great people - they were
proud + tight. I look
at Dick's Zen
it's too big - 15 people
a better size. I told him
when I got to Crestone
I said Dick had a good high
way + bad low way - he
said - do you have a high
way + low way? etc.
No. Then no one does
no excuses - there's no
2 ways. Did SR make
a mistake when he appointed
Dick? Then he's bad
Dick went Bad when he became
about - me, no he was
always bad anyway.

and he won't give it to me. I want to hear (so he thought maybe) how great SR was

[we also talked of how DR sees ZC as his temple; RB had to have abbot got pried from his fingers]

[he was feeding Nembutsu! Do we do that at ZC?]

[It's a cultural thing I had said + he agreed - ~~was~~ says his culture old so make the wide path, protect it - ZC in am yet young, unstable.]

SR (HJ said) wasn't so great - he was just a normal person - if he was great then we'll have to bring him down - this great + not great dictat is not cool ~~the~~ People want to hear that he was great - he didn't do anything for peace, he didn't do anything for war, he just sat, he did (what?)? went deh - he had a bad memory, he was short, he was an angry man

SR in am + got diff - He didn't sit down - he just did his job and went deh - he just got by (?)

HJ - OK
Rubbbed his back
good - you're strong
why you want write book on SR?
people asked me?
oh sure.

It's my job.
why do it? why not quit?
Is this Zen? like the blue-orange flower.
When you do caligraphy do you think
I should do this? I should not do this?
Is Zen so great we can do nothing?
Must we be intimidated by emptiness?
HJ - when you write a book
you have some idea of what
you want - when you interview
people you try to get what you
want.

Oh yes, I said I want to
get it over quick - 2 years - I
don't want people have high
expectations it's a demanding
job - But I decided to do it and
now I'm doing it 100%.
But it frustrates me - how is
so erai
That set him off - finally
w/ the tape off he talked passively
saying he can see what I want

He said all they are want our way
My way This is my way
and people enter a way
a wide way and think how
can I enter this way? in
our think how can I practice
my way? Dick talked to HJ
when, 2 times, HJ said what
happ, Dick SD being had grief, &
had one to, OK with people concerned
what's so bad? I did nothing wrong.
HJ said this stuff done by abbot?
This is not Zen.

~~But~~ all places & have diff
pers next to other at loss chart
SDK when one slow other
fast my way. He tried
to get them to do same
couldn't do
& said Either go & enjoy diff
HJ said yes but if someone
goes from one to other can
do it at 2 c. cant. We
talked of abbot problem -
we said Reb can teach Zazen
OKyo, extra text, doesn't need
to ~~person~~ be person who deals
widely with others - abbot
is the most qualified - me, some
like him, some like Reb
HJ - not a matter of like
one - some say him, some say Reb

Christina + I talked about
whether book should have ZC's
idealistic trip 1st or include
then what it has
then synthesis

M3. Rawson's tale -

~~not wanting book~~
just as I was about to leave
I returned a teeny Topsy
(Minnesota Jesu priest best I
thought) looking at image of (heh heh)
I drank a beer (out of 2 slices
earlier)

We talked - first he said
when were you born, what
is your mother doing now?
I begged forgiveness + soon I'll be gone.
I read your letter - Ribusu hard to
see. She talked of hankos.

He said she can't have Sankou -
only Shiso - Mel, Les, GRB, Bill
me-Dick? HJ - I don't know. All men
I said + explained how close she was
to SR + how she cont. w/ Dick + broke
over his relate to women (not telling
her relate to men) + show she
felt warm to her but had trouble

4/13 - evening

Christina + I met Hojo San
trying monosashi, to her door
we drove home quickly clutching
badly cause his neighbor
meeting he'd forgot

She + I got the beach + went
to a little restaurant to get
dinner + split tempura + udon
+ esshoku. Talked about SR book
- not finding facts to back up
the myths - pacifist movement
not there

Told her what HS said
this is better - what did happen
she had a father who her friends
loved to talk to, consult with
but who told her to shed up
she guesses what it must be like
to hear everyone saying how
great SR was - kids know better
I told her of Ed's Dad
at home watched pottery making
on comedy show + funny judges
my pants kilned and appraised
them 10x for same \$1, 200 etc.
by Xst.

Ryhot said come!

I told Chitose how 100 cost 50%
more to find out fund + charges,
got out my watch, walk the
cell + forget to fund it.
