To the board members and officers of the San Francisco Zen Center:

I would like to strongly encourage the San Francisco Zen Center to support David Chadwick in all that he does to keep alive so many memories of Suzuki Roshi and his teaching. I greatly appreciate what David has done and is doing, as do others, as will many more in the future who will be able to know themselves better through studying this valuable, vibrant history of Suzuki Roshi and his students.

I also am grateful that David keeps in touch with so many people from the early days of the Zen Center.

Please help David. He is doing the Zen Center's work.

Sincerely,

A handwritten signature in cursive script that reads "Elsie P. Mitchell". The signature is written in black ink and extends across the width of the page.

Elsie Mitchell
