

Dear Baker-roshinigeest

After visiting Katagiri-roshi last March I had a dream in which Suzuki-roshi was going to die and one of my friends ran up and put his head in his lap. Afterwards I went up to him in a hall-way in order to get his teaching and he turned to me and said, "memorize everything." and then he walked away. It's been

keeping me busy
ever since

God bless you

Love,

Jack Goldberg
